

The mission of the Make-A-Wish Foundation® of New Hampshire is to grant the wishes of children with life-threatening medical conditions to enrich the human experience with hope, strength and joy. We strive to provide children with the hope for better times, the strength for the tough times and the joy to experience the present.

The Make-A-Wish Foundation® of New Hampshire is part of the nation's largest and most recognized wish-granting organization, with chapters and volunteers throughout the United States and the world.

A wish can be as simple as a birthday party and as elaborate as a trip to Washington, D.C. to meet the President. The average cost of a wish is \$10,000.

The Make-A-Wish Foundation® of New Hampshire finances its work through individual contributions, corporate donations, foundation grants, planned gifts and special events held on our behalf by community businesses, associations, clubs and schools. The Foundation also relies on in-kind contributions to help defer the cost of wishes. The Foundation does not engage in telephone or door-to-door solicitation.

## WHAT IS THE GLASS SLIPPER PROJECT?

In the fairy tale, *Cinderella* the maiden is granted one wish to attend a ball. This ball changes her life forever. This is the equivalent to the high school prom today. It is a night filled with memories that will last forever.

**The Glass Slipper Project** is a statewide initiative between the NH Business Leaders of America and the Make A Wish Foundation.

Project coordinators have identified many formal wear and prom dress shops across the state that have agreed to donate five percent of either the cost of a prom gown purchase..... or tuxedo rental from January 1, 2010 to May 1, 2010 to the New Hampshire Make-A-Wish Foundation.

FBLA Members are encouraged to make their 2010 prom purchases at one of the participating retailers.

Students must present the coupon found in this brochure to the merchant for their purchase to qualify for the five percent donation.
